Garbage And Sewage Problems In Haliburton

Father, Son Lost In Bush Need Ambulance

On Thursday, August 14 Minden ambulance drivers Bob Beaney and Jim Elder answered a routine call from the O.P.P. to go to Lochlin.

Mr. Bendle and 11 year old son David of Willowdale became lost in the bush, and when the father climbed a tree to find their way he fell to the ground.

David left his father with a scout whistle on which he could blow to assist searchers.

The boy found his way out and the ambulance reached within three quarters of a mile from the scene of the accident.

After applying first aid at the scene of the accident, the volunteers with the help of local men carried the injured man out through bush and swamp.

From Lochlin the ambulance proceeded to Minden Red Cross hospital where Dr. Griffiths diagnosed serious breaks and the injured man was taken to Toronto General Hospital for further treatment.

Ambulance drivers in Minden are to be commended for their excellent volunteer service they provide whenever called upon.

David Clee Gets Educational Post

We note an item in the Toronto Star which will no doubt be of interest to our many readers. It is entitled "Gets Education Post," and goes on to state that Mr. David Clee has been appointed assistant superintendent of the curriculum and text books branch of the Ontario Department of Education.

David Clee came to Haliburton shortly after World War II after serving in the Royal Navy and joined the staff of the Haliburton high school.

David was not only an exceptionally fine teacher but he was also very popular and made friends all over the county.

His progress in the field of education in this province might well be described as meteoric.

Leaving Haliburton he went to Forest Hill Village Collegiate Institute.

In 1953 he became a master at Toronto Teachers' College.

Mr. Clee has also done some script writing for the program "Junior Magazine" carried by the CBC-TV.

Weather Report

August 1 - August 22

Highest temp., 83 deg., Aug. 9 and 10.

Lowest temperature, 40 deg., August 14.

Average max., 74.9 deg.

Average min., 51.9 deg.

Total rainfall 1.81 inches.

Owing to people dumping garbage into the Drag River we are informed that the water at the mouth of the rapids in Haliburton village is contaminated.

Dysart council are erecting signs warning all and sundry that dumping garbage into the river is strictly prohibited and anyone caught in such an act will be prosecuted.

While on the subject of dumping someone has been dumping their raw sewage into the storm sewer constructed on Maple St. by the Dept. of Highways.

On the evening of August 7 we were asked to walk up to the corner of Highland and Maple and before we were there long we were convinced that the contents of a septic tank had been pumped or dumped into this sewer.

At three different manholes the stench was enough to knock one down.

When one realizes that this sewer empties into the river which runs into the lake in the vicinity where many children bathe every day at the Rotary beach, it would seem that this matter would bear looking into.

Re-Opening Of Kennaway Road Proposed

There are rumors afloat that the old Kennaway road is to be re-opened and that work might start this fall as a winter works project.

For many years it has been stated that Dysart et al is the only municipality in Ontario where one is compeled to drive through another municipality in order to get to another part of Dysart. This is true as one must travel through the township of Monmouth to get to Harcourt.

Those who are behind the effort to have this road reopened feel that as well as providing a more direct route to Harcourt, it would open up a considerable amount of undeveloped lakeshore property.

Vandals At Work Again

For some time past persons with nothing to do in the night hours have turned their hands to the destruction to public property.

The first week in August William Hartin, who resides in Lochlin, was surprised to wake up one morning and find that his mail box had been stolen.

A little later another mail box was lifted and we understand that the culprits deposited them in the lake at Ingoldsby where they were later found.

In the village of Haliburton "U" turn signs have met something of the same fate. Although an investigation has been underway to ascertain just who the guilty parties might be, so far the culprits appear to be home free.

Shoots Wolf Cleaning Gun Shoots Self

George Nixon of Toronto is in the Ross Memorial Hospital, Lindsay, as a result of a shooting accident on Saturday last.

This had been quite an eventful week for George as it was only on Thursday evening when at his camp on East Lake he had decided to make himself a cup of coffee when an unexpected guest in the form of a timber wolf dropped in. Stepping back into his tent George grabbed his rifle and after two shots the animal was dead.

On Saturday while cleaning his rifle it discharged and a bullet entered the groin and passed through the bowel and bladder but did not pass completely through the body. Dr. Good who was called to the scene ordered Mr. Nixon removed to the Ross Memorial Hospital, Lindsay, where his condition is still regarded as serious.

WHAT MINDEN COUNCIL DID

A meeting of the Anson, Hindon and Minden council was held in the council chamber on Wednesday, August 9.

The clerk was asked to write Mr. Alex Hewitt, chairman of the building committee for the county council stating that the drainage situation at the new registry office should be discussed with the road superintendent and that arrangements be made to have the drains connect with St. Germaine Sr. rather than Newcastle St.

The Dept. of Travel and Publicity is to be requested to have a member of the inspection department attend the next council meeting to discuss the camping site now in operation on Lake Kashagawigamog.

Accounts were paid amounting to $1,143.07.

The first and second readings of a by-law to ascertain all roads within the municipality at a width of 66 ft. road allowance and to adopt all roads at this width.

A by-law was passed establishing a 6 m.p.h. speed limit for boats in the Gull River, Ingoldsby Narrows, Soyers Lake narrows and Boskung Lake narrows.

A by-law was passed prohibiting the use of ground, within the municipality for trailer camps, camp sites, or motels unless approved by council.

The next meeting of council is to be held on Wednesday, August 23 at 9 a.m. unless called earlier by the reeve.

Accident On Highway 121 Driver Rushed To Hospital

On Wednesday afternoon last a car driven by Ross Gregson left Highway 121 and crashed into a ditch.

Gregson, who is staying at the university camp near Minden was in Haliburton and was on his way back to the camp when apparently another car forced him off the highway into a ditch causing considerable damage to the vehicle.

The mishap occured half a mile south of Coneybeare Motors.

Gregson, suffering from face cuts and back trouble was rushed to the Haliburton hospital by ambulance. He was later released from hospital Thursday morning.

OPP officer Jack Eastwood of the Minden detachment investigated the accident.

To Open Tourist Camp

Mr. Lorne Clark of Toronto has purchased the Golden property which is situated near Gainforth's corners on the line which is about two miles from Haliburton.

The property, which covers some 400 acres, has a small lake on it as well as some timber. However, Mr. Clarke states there is sufficient grounds that are cleared to establish a tourist camp.

The area would also provide space for the parking of 100 cars. The new owner hopes to have the new camp ready for visitors next year.

CNE Irks Resort Areas

Resort owners and nearly everyone else connected with the tourist industry in the holiday areas are far from pleased with the action of the officials of the Canadian National Exhibition in starting the fair a week earlier and closing their show on Labor Day.

This simply means that people who would stay at a resort or cottage must leave before the end of August if they wish to take in the Ex.

The whole aim of the C.N.E. seems to be to attain the three million mark in attendance and they care little about disrupting the tourist business or putting others who wish to see the show to no little inconvenience.

Possibly continued reduced attendances will wake them up and they will seek more sensible measures to attain their goal.

Local Boy Beats Crisis In Berlin

A Haliburton boy, Grant Robertson, who is on a tour of Europe was in Berlin just before the crisis.

As luck would have it he left Berlin just 24 hours before the trouble started or he might have been there yet, with the possibility of not getting out.

Grant is on an educational tour with two other fellows from Toronto. He is training to be an architect and the three men are in Europe looking over the various old buildings in different cities.

At time of writing his parents have just received a post card from their son who is now in Sweden.

Bobcaygeon To Install Waterworks

We learn that the village of Bobcaygeon is shortly to install a waterworks system. This village plays host to an increasing number of summer visitors every year and the installation of a system that will supply an ample

(Continued on Back Page)

HALIBURTON NEWS LETTER . . .

Mr. Alfred Burk, our local enforcement officer who recently underwent surgery in Ross Memorial Hospital, Lindsay, we learn is making a satisfactory recovery. Few of us in this municipality really appreciate the number of tasks that Mr. Burke is called on to perform, some of which can be termed anything but pleasant. As it will be at least six weeks before this valued municipal employee is able to resume his duties the township will find it necessary to secure additional help to carry on during his absence. At present Mr. Wes Sawyer is helping out in this respect.

* * *

Residents here learned with regret of the sudden passing of Mr. Charles Haggen who for a number of years was manager of the Bank of Montreal here. Since his retirement he had been residing in Aurora.

* * *

Harry Curry Bishop will enter the University of Toronto this fall to take a two year course that will enable him to secure his master of science degree. During the time there he will also be teaching for a few hours each week. We might add that Curry, with the help of Bill Rinne will carry on his business in Haliburton as usual.

* * *

A large number of our citizens took advantage of the chartered bus trip to the Canadian National Exhibition on Wednesday. These trips which are sponsored by the Algar coach lines have become increasingly popular and this year two buses are being run. Another bus will leave Haliburton on Wednesday next.

* * *

Mr. Orville Austin, while working at the municipal garage a few weeks ago had the misfortune to cut one of his fingers. The cut was quite deep and somehow became infected. When it failed to clear up it was found that it would have to be amputated. This was done last week and though it was quite painful for the first few days the pain has now begun to subside.

IN QUEST OF YESTERDAY

A HISTORY OF HALIBURTON
by NILA REYNOLDS

(COPYRIGHTED)
Instalment Fifty-Seven
THE STANHOPE STORY
Chapter 13

Surveyed in 1860 by C. Stewart, P.L.S., the township of Stanhope was named for a British nobleman, the fifth Earl of Stanhope.

Born in 1805, Philip Henry Stanhope achieved distinction in 1834 as under secretary of foreign affairs but his greatest triumphs were won in the field of historical research. For many years the Earl was president of the famous Society of Antiquaries and a trustee of the British museum. Under the pen name "Lord Mahon" he compiled a history of England dating from the Peace of Utrecht to the Treaty of Versailles plus other works of the same nature.

Mr. Stewart's report on the new township which was to be settled as free grant land, had this to say of its prospects: "The land in this township is more hilly and undulating than in Minden and the soil is generally lighter; north of a chain of lakes previously referred to, flowing into Big Boshkonk (Boshkung, which roughly translated from the Indian means "Three Water" or "Meeting of the Waters") are a series of hardwood ridges of moderate height; the soil in the valleys between them is rich, but on them is light and stony; the above water chain flows through several large cranberry marshes. About 45% of this township is suitable for farming purposes."

Relevant to the colonization roads which were to give access to Stanhope, a government report on the progress of the Peterson which ran east and west on the boundary between Stanhope and Minden, in 1861 notes that construction was underway "between Dysart and the Bobcaygeon road eastward to the bridge now building between Big and Little Boskung lakes. Both road and bridge will be completed by spring. To verify this a paper by J. J. Francis, P.L.S., who in 1863 was surveying Harburn township reads: "that the Peterson is now made through to the Peterson post office on the Bobcaygeon road and will considerably enhance the value of the lands, especially those lots fronting upon it which I believe will be eagerly looked for."

The story is prevalent that many of Stanhope's pioneers augmented their first year's crops by construction work on this historic road.

Long before the surveyors or road gangs penetrated the hinterland, Boshkung and its adjoining waters were familiar highways to both Indian and trapper. A folk tale survives which claims that long before the settler's axe disturbed the silence of the wilderness, a trappr named Hall had a disagreement with some Indians camping on the shores of what is now Hall's Lake. Caught unawares by the wily savages, the trapper was murdered and when white men traveled that way again his name was bestowed on the lake where he met his death.

That there were Indians living in the area is an indisputable fact. When Isaac Hunter, the earliest white settler in Stanhope township in 1855 squatted on the low tongue of land lying between the two Boshkungs, he found that the land had already been cleared by the Mississaga Indians who cultivated a little grain and vegetables.

Hunter built a cabin of pine logs on this scenic spot and for four years resided there with his wife and young daughter.

In 1859 he sold out to George A. Mason and moved to a new location even more remote from civilization in the vicinity of Dorset (then called Cedar Narrows) where he obtained all his supplies. One particularly hard winter saw the area plagued by blizzards which lasted for most of January. When Isaac Hunter did not come out for supplies as usual, Zack Cole, one of Dorset's best known pioneers who was a good friend of the Hunter family, snowshoed in to investigate.

What he found must have haunted him for the rest of his life! Hunter's emaciated body, dead of starvation, was being devoured by a clan of mice. The wife and daughter, crazed by hunger pangs and the terrible experience, were catching and eating the mice. What a price to pay for survival!

Although George A. Mason bought the Hunter land in 1859, he did not obtain title from the crown until June 8, 1866 when he purchased the right to 114 acres. Moorefield lodge, which burned in 1946 incorporated a building 22 feet by 24 which he erected in 1867 of hand milled pine boards one inch by 20 inches by 16 feet, with construction of a much later date. In 1871 Mason sold out to another pioneer, Alfred Moore, who in turn deeded the property to Robert J. Moore in 1904.

The following year Robert Moore opened the house, which for some time had been a hostelry for travelers and lumbermen operating on the Gull River waters, to tourists. Moorefield lodge, located on the first piece of Stanhope real estate owned by a white man, became famous for summer hospitality through the length and breadth of the land.

MARRIED
Tribe - Collins

Married at St. George's Church, Haliburton, by the Rev. John Taylor, on Thursday, August 17, Mrs. May M. Collins of Pine Springs and Mr. Geo. W. Tribe of Ingersoll.

Dairy Princess

Jean Waterhouse, 19, of RR 1, Ameliasburg, is Prince Edward County Dairy Princess for the second consecutive year. She will compete against more than 40 other county and district winners at the CNE. The Ontario crown winners will get a two-week tour of Britain via Pan American World Airways, awarded by the sponsors — Ontario Department of Agriculture, Ontario Milk Producers' Coordinating Board and The Telegram.

Birch Villa Host 90 Guests

On Thursday, August 10 a gala evening was spent around a huge bonfire at Birch Villa lodge, Wilberforce, with Mr. and Mrs. Jas. Outram being host and hostess to approximately 60 guests.

The First Aurora Boy Scout Troop who are camping at the north end of Grace Lake with the kind permission of Mr. Jack Wallace, presented a very fine program with scout master Ken Finlayson, his assistant Dr. Rex Sedore and scout leader Les Jenkins.

Mr. William Farrell and family gave a real exhibition of fireworks which was certainly appreciated by all.

Refreshments of pop, bars and marshmallows were served at the close of the evening and the scout canoes were sent off in the still clear night. The gang on the shore gave the scouts a real send-off with the singing of "They are Jolly Good Fellows."

BRIDAL SHOWER AT SALVATION ARMY HALL

A bridal shower in honor of Miss Ruth Keefer of Orillia, formerly of Park St., Haliburton, was held in the Salvation Army young people's hall Friday evening, August 11.

A capacity crowd of neighbors and friends gathered to shower the bride-to-be with many lovely gifts and kindly wishes.

Miss Karen O'Connor, Miss Betty Barnum and Mrs. Maureen McIntosh with other special friends of Miss Keefer arranged the enjoyable evening's activities.

Capt. W. Rennick extended best wishes to the bride-to-be on behalf of those present.

Miss Keefer expressed her appreciation to all after which delightful refreshments were served.

News Notes From Tory Hill

Mr. Morris Awty of Louisville, Ken., spent a couple of weeks with his sister and brother-in-law, Mr. and Mrs. R. H. Anderson Sr. Mr. Awty thinks this is a wonderful country for a real holiday.

Misses Kathy Hart and Sandra Pattison of London spent a week with Kathy's grandmother, Mrs. J. E. Finlay. The yhad some fine fun water skiing and swimming.

Miss Marion Short of Toronto visited Mrs. Fred Watson and called on her old friends.

Mrs. A. McColl had her hand caught in a wringer and reecived a painful injury.

Rev. Fred and Mrs. McTavish of Bradford visited friends in Tory Hill. Mr. McTavish preached in our church some years ago and made a lot of good friends here. Mrs. McTavish came here as a bride and was a good help in the community.

Mrs. D. E. Finlay has returned from a very pleasant trip through the eastern provinces.

Mrs. Hubbard of Toronto is enjoying a holiday in her cottage.

The bears at the township dump are quite an attraction these evenings. There are as many as six seen at once.

Mrs. N. T. Dack of Lindsay visited friends in Tory Hill.

LOCHLIN

Mr. and Mrs. Dale Milburn and family of Oshawa called on Mr. and Mrs. Bert Hicks on Sunday.

Mrs. Norm Graham of Irondale visited with relatives in the village last Thursday.

Friends of Archie Brow will be pleased to learn he is feeling some better but still confined to Toronto General Hospital.

Mr. Moss Minaker of Greenwood called on friends in the village over the week end.

Trappers Council Give Demonstration To Scouts At Camp Kennabi

On Tuesday evening, August 8, about 100 scouts and staff members at the Kennabi composite camp heard an interesting talk by Mr. Delbert Miller, president of the Lindsay district trappers council, about the importance of beaver, not only to the expansion and conservation of other wildlife, but also to the historical and geographical development of Canada.

Starting with an outline of Canada's earliest days when French and English fur traders pushed their way through the forests from the east to the west, Mr. Miller showed how the search for pelts taken by Indian trappers, particularly beaver, had much to do with the future destiny of this great country.

Mr. Miller's 45 minute talk contained a great many interesting facts about the life and habits of beaver, the early methods of trapping up to the present trap-zone system which ensures equitable distribution and efficient conservation of reserves of our important fur-bearing animals.

A display of the many types of traps, snowshoes, skinning knives, cleaning implements, dog sled harness and a number of photographs of huskies, dog teams, and beaver pelts created a great deal of interest and provoked a very good question and answer period following the talk.

Mr. Harold Austin of Haliburton, vice president of the council, also attended the meeting and assisted in explaining the uses of the various pieces of trapping equipment to the scouts, while Mr. Stewart Keay of Leaside, former district scout master, provided transportation and renewed old acquaintances at the camp.

Many of the scouts personally thanked the men for the interesting evening, and Mr. Buesnell, camp quartermaster, and his staff served the visitors with coffee after the scouts had retired.

Judging from the comments of the camp staff, Mr. Miller will no doubt be asked to make repeat appearances for other groups during the remaining periods of this year's scout camp.

TOWNSHIP OF GLAMORGAN

By-Law 964

A by-law by the Township Council of Glamorgan enforcing the restriction of the use of fire arms around the Township Dump and also all streams and lakes in the Township within a limit of 600 yards from May 15 to September 15th.

Anyone violating this by-law will be liable to a penalty not less than $50 and costs.

Coming Events!

Navy League Tag Day, Saturday, August 26.

(Continued from Page One) amount of pure water is considered most desirable.

It is expected the cost of the new system will be in the neighborhood of $200,000

Mather, Locke & Associates, Peterboro consulting engineers, have been retained by the corporation to oversee the project.

Marilyn Fenton, 18, of R.R. 1, Port Elgin, defeated eight other contestants to win the Bruce county Dairy Princess title at the "Town and Country" Day at Kincardine. She is a graduate of Saugeen District High School and will become a student nurse at Owen Sound General and Marine Hospital after competing for the Ontario Dairy Princess Crown at the CNE under the auspices of the Ontario Department of Agriculture, the Ontario Milk Producers' Co-ordinating Board and The Telegram. The winner will be awarded a two-week tour of Great Britain via Pan American World Airways.

MONEY

IS NOT WEALTH. The true wealth of Canada lies, not only in the production of goods, but also in the ability to favourably distribute them. The **UNSOLVED PROBLEM** confronting Canada today is failure to satisfactorily deliver to the people the goods that are produced.

SOCIAL CREDIT has a workable solution. Their policy is to maintain economy by a suitable distribution of goods without incuring debt to accomplish it.
